20 February 1963

MEMORANDUM FOR: Deputy Director (Research)

SUBJECT : Dromedary

Attached are two articles that we were referring to as being the straight stories on the Dromedary by the Air Force Systems Command. A proposal has been submitted by Air Force Systems Command and approved by the Air Staff and lies in the DDR&E office for approval. It is only in the proposal state and no program office has been established as yet in either the Air Staff or Air Force Systems Command. I am assured and convinced it has no relationship to the OXCART program.

JS
JACK C. LEDFORD
COLONEL, USAF
Assistant Director
(Special Activities)
